

SNOWE

- **Snow analysis is important for many COSMO countries**
- **Snow analysis in complex topography is very challenging**
- **Multi-layers snow model from PT SAINT requires new dev**
- **SNOWE continuously developed at RHM**

- defines a new PT / PP to consolidate / extend SNOWE ?
- which COSMO partner is interested? RHM? MCH? ARPA?
- support from SLF / Davos could be available
- link with WG1
