For the grate job done by  
Daniel Rieger

- The actual ICON code development should gear up by COSMO scientists to add new PPs on CAIR, CITTA, IMPACT and KENDASCOPE.
- I encourage DWD to try and include more COSMO scientists in ICON development

## Christoph Gebhardt

### New COSMO Scientific Project Manger (SPM)

#### Procedure according to Annex B of COSMO Agreement

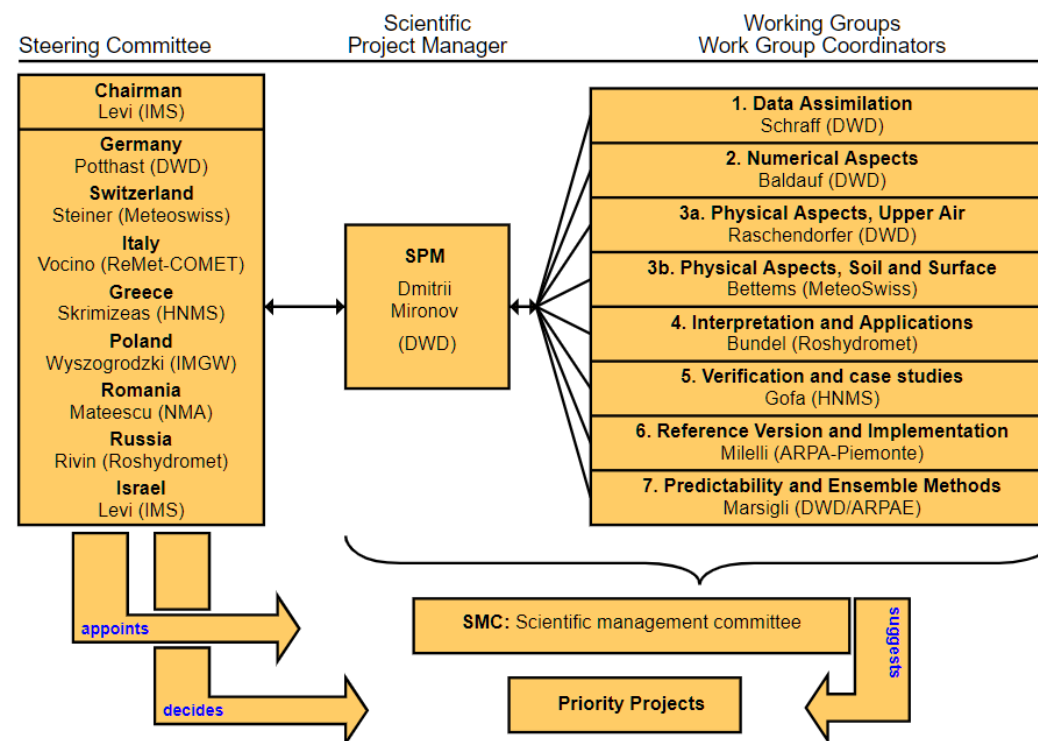

- The SPM is appointed by the COSMO Steering Committee for a duration of four years. In specific situations the STC can decide a reelection for a period of 1 (one) year, with a maximum of two reelections possible.

**STC elected Christoph Gebhardt (DWD) to serve as COSMO SPM, or better phrased Christoph volunteered for the job.**

# The SPM is the key person of COSMO

## Christoph will need support from each one of us for COSMO success
