

COSMO TAG Meeting - Friday, December 12th 2014
09:00-12:00 CET

Participants: **COSMO Software Administrators** (Uli Schättler (**US**), Jean-Marie Bettems (**JMB**), Adriano Raspanti (**AR**), Daniel Lüthi (**DL**)), **TAG Coordinator** (Massimo Milelli (**MM**)).

Chair: Massimo Milelli (**MM**)

Invited: Theodore Andreadis (**TA**)

Minutes: Massimo Milelli (**MM**)

Already excused: Uli Blahak (**UB**)

Agenda

1. Improvement of VERSUS/Fieldextra xml interface (proposition of **JMB**, see email on Monday, September 1st)
2. COSMO software architecture documentation on the web (pending from the previous TAG meeting). A more general reorganization of the web site is required as far as the "software" and "model" pages (but not only). TAG is tasked by STC to investigate the feasibility of a software repository, a bug reporting and tracking system, but then also the possibility to move to an external server has to be investigated
3. AoB
