Binder, <u>G. de Morsier</u> <u>IMS</u> M. Ferri <u>ARPA-SMR</u> T. Paccagnella, C. Cacciamani, P.P. Alberoni
Meeting place	Conference room in the "Kurmittelhaus"

A lot of work of COSMO community

- New annexes to the COSMO agreement
- Towards last official COSMO version
- Contributions to ICON
- New priority projects/tasks and NWP test suite
-

Revised form for virtual COSMO-GM

- WG/PP/PT parallel sessions also the week before GM
- Shorter day plenary session
- SMC meeting postponed to the week 21-25 September
- Friday session dedicated to STC report and final discussion

- Thanks to SPM and SMC for the preparation of the COSMO-GM new format -

Final discussion

- Take place on Friday, 11 September 2020 10 CEST
- Please think about possible topics to discuss
- To facilitate the discussion, please send an email with a few sentences about your suggested topics to lucio.torrisi@aeronautica.difesa.it before afternoon Wednesday 09 September 2020

WEBEX support to COSMO-GM

- GM Plenary session: DWD system with backup by MCH
- STC and SMC meetings: MCH system
- GM Parallel sessions: mainly DWD system

- Thanks to DWD and MeteoSwiss for the support! -

Instructions for all participants

- During the talks, all microphones and cameras must be switched off.
- In order to ask a question, make a comment, etc., use the "raise hand" function.
- As the session chair gives you the floor, switch on your microphone (you can also switch on your camera but that is not necessary) and ask your question (make comment, etc.).
- As your question is answered, switch off the microphone (and the camera) and deactivate the "raise hand" function.

Have a fruitful General Meeting 2020!
