- New name: WG Support and Infrastructure
- ICON is open source since January 2024 → SCA report
- PP C2I4LC is ending but it will be part of PP SPRT (continuous support) → Stefan presentation
- ICON-LEPS work is ongoing, but we can discuss it at the end of the session → Enrico
- There is a new format for the Newsletter, have a look...
- FieldExtra ver 15.0.1 is available to download
- Discussion is ongoing regarding the new web

**Please upload your presentations on the repository (if not done yet).**

# Documentation

- TechReport N°50 (PP AWARE final report) and 51 (COordinated Parameter Testing project (COPAT2) of the working group EVAL of the CLM Community) have been published
- The 23<sup>rd</sup> NewsLetter is now online (new format)
- A newer (May 2024) EMVORADO user guide was uploaded (Blahak et al.)
- Report on the evaluation of DWD nowcast and warning products at the ESSL Testbed 2023
- A new icon guide for nwp developers was uploaded (Jacob)
- Expected TRs during the next COSMO year (09/2024-08/2025): PP ICON-COMFORT, PP IMPACT, PP PROPHECY, PP CAIR 2, PP CARMENs
- PP MILEPOST is in my hands and will be published in autumn

**Thank you and let's have a fruitful meeting!**
